

MEDIODIA DEL MEDIOEVO – lyrics

VERSE 1 (Enlight on “Shades of Brown” recording)

Sssssspark rhymes, about dark times
Middle ages, a long time ago
In the middle of the day what would you do
if you were a surf and you were po.
Ain't got no food to give yo landlord
Or should you say your lord
That's what they called you, A Servant, just to be ignored
You were to endure, doing things that were impure
In the name of the church and what's wrong, and what's right
They told you where the light lay,
Cruzao come around, yes we gonna slay
You fake attention, now pay attention
To the middle ages, middle days I mention
Ascension to another time, bussin' off a little bit of rhyme
Chilling, so we feelin' sublime (sublime)
And you feelin' so free
C-R-U-Z-A-O we!

... then freestyle between rappers

SECTION-C (sung) CORO:

“El mediodio a regressado, Realmente no se a acabado”

VERSE 2

Freestyle that shit! Pass the mic – be topical at first, but it can devolve to fun. Nigel in 2004 entered with “just like Phatt Al my big ass rhyme, y'all can see that I got mad style”... so... yano... it CAN get fun... ☺

Topics for freestyle content:

- atrocities we watch without empathy
- how easily we perform heinous acts on each other
- de-sensitivation to horric acts (ie – watching a noon hanging, as entertainment, in the middle ages).
- the differential between classes (ie – surf vs. lords... or rich vs. poor)
- how easily we can learn accept de-humanizing and atrocious acts on our fellow man... and how wrong that is.. but it lives below the surface and often goes unseen.
